

The advertisement features three men in workwear against a background of rusty corrugated metal. One man in a blue jumpsuit stands on the right wearing an orange hard hat. Another man in a blue jumpsuit stands on the left. A third man in a red jumpsuit is crouching in the center. The scene is lit with dramatic, low-key lighting, creating strong shadows and highlights on the metal and the men's clothing. The overall aesthetic is industrial and rugged.

FAQ'S

WHAT DO YOU NEED TO KNOW
ABOUT WARMWEAR?

WHAT DO YOU NEED TO KNOW ABOUT WARMWEAR?

Q Why is wearing the right type of warm clothing so important?

A Wearing the right clothing helps with productivity where workers are exposed to very cold, harsh weather conditions. Keeping your body warm can also help prevent hypothermia.

Q What is a Single and Double-Lined Freezer Jacket or Pants?

A A Single-Lined and Double-Lined Jacket or Pants refers to the amount of padding and protection the Jacket contains. A Single-Lined Freezer Jacket contains 180gsm of padding and a Double-Lined Freezer Jacket contains 250gsm of padding.

Q What temperatures can our Shift Single-Lined Freezer Jacket or Pants withstand?

A A Single-Lined Freezer Jacket or Pants can withstand temperatures as low as -5° Celsius

Q What temperatures can our Arctic Double-Lined Freezer Jacket or Pants withstand?

A A Double-Lined Freezer Jacket or Pants can withstand temperatures as low as -15° Celsius.
