

The advertisement features three men in workwear against a background of rusty corrugated metal. One man is sitting on a wooden pallet in the center, wearing a red jumpsuit and black boots. Two other men are standing on either side of him, both wearing blue jumpsuits. The man on the right is also wearing an orange hard hat. The overall scene is lit with dramatic, low-key lighting, creating strong shadows and highlights on the metal and the men's clothing.

**WHAT DO YOU NEED TO KNOW WHEN ORDERING WORKWEAR?**

flame retardant  
self-extinguishing

**Q How do you order a Conti Suit?**

**A** A Conti Suit is always ordered by the jacket size. A size 38 Conti Suit includes a jacket with a 38 chest size and pants with a 34 waist size. The jacket is always 2 sizes up from the pants.

**Q What does SABS stand for?**

**A** South African Bureau of Standards.

**Q What is a SABS approved garment?**

**A** This garment has been submitted and has successfully attained the SABS approved mark. These products comply with the highest standards and specifications, are safe for use and meet the necessary quality requirements. These garments also have a specific cut and fit.

**Q What is a YKK Zip?**

**A** This is a SABS approved stainless steel zip. These zips are exceptionally durable and are also used on high-end fashion garments.

**Q Why does a 100% Cotton garment shrink, and what percentage of shrinkage should we allow for?**

**A** We should allow for a 5% shrinkage tolerance.

**Q How and why should you care for your garment?**

**A** Following the wash care instructions specific to the garment helps to ensure garments last longer and perform optimally.
