

How to generate an ERC-20 address to receive my EXMO Coins

EXM tokens will be automatically credited to your ERC-20 address in your EXMO personal account.

You can generate an ERC-20 tokens acceptable address in the Wallet section of your account.

Just follow these easy steps:

1. Log-in to your [EXMO account](#);
2. Go to the [“Wallet”](#) section;
3. Choose EXM from the currency list;
4. Choose Deposit option;
5. Click on the EXM Deposit method;
6. Click on the “Create the address” button;
7. Copy the link, send it to the manager to fill it in the agreement.

If you already have the EXM address generated just copy it and send it to the manager to fill it in the agreement.

EXM tokens will be credited to this wallet in your account.
