

2020

EU-Korea Zero Energy Building Convergence Alliance Forum

EU-Korea Climate Action Project team and the Korea Energy Agency will jointly organize
The 2020 EU-Korea Zero Energy Convergence Alliance Forum focusing on the roles of Zero Energy Buildings in implementing the Green New Deal policy.

Date | 27 October 2020 (Tuesday), 14:00-17:20 (CET 06:00-09:20)

The Roles of Zero Energy Buildings in implementing the Green New Deal Policy

Target participants | Companies, universities, research institutes, and business associations related to Zero Energy Buildings

We will livestream the event through YouTube, to avoid physical contact in this time of coronavirus pandemic.

Registration: Pre-registration is open on the EU-Korea Climate Action Project Website
Inquiries at: T: 02-2621-9888

*The webinar link will be sent to the pre-registered participants via email.

*For more details about the event, please visit Zero Energy Building Website (zeb.energy.or.kr)
